To: Governor Mike Beebe,
Members of the Arkansas General Assembly,
and the Citizens of Arkansas,

It is my pleasure to present to you the Arkansas State Police's 2009 Annual Report. The report reflects Department activity from January 1 -- December 31, 2009. The contents of this report reflect the ongoing effort of the Arkansas State Police to provide the highest standard of service possible to the citizens of Arkansas.

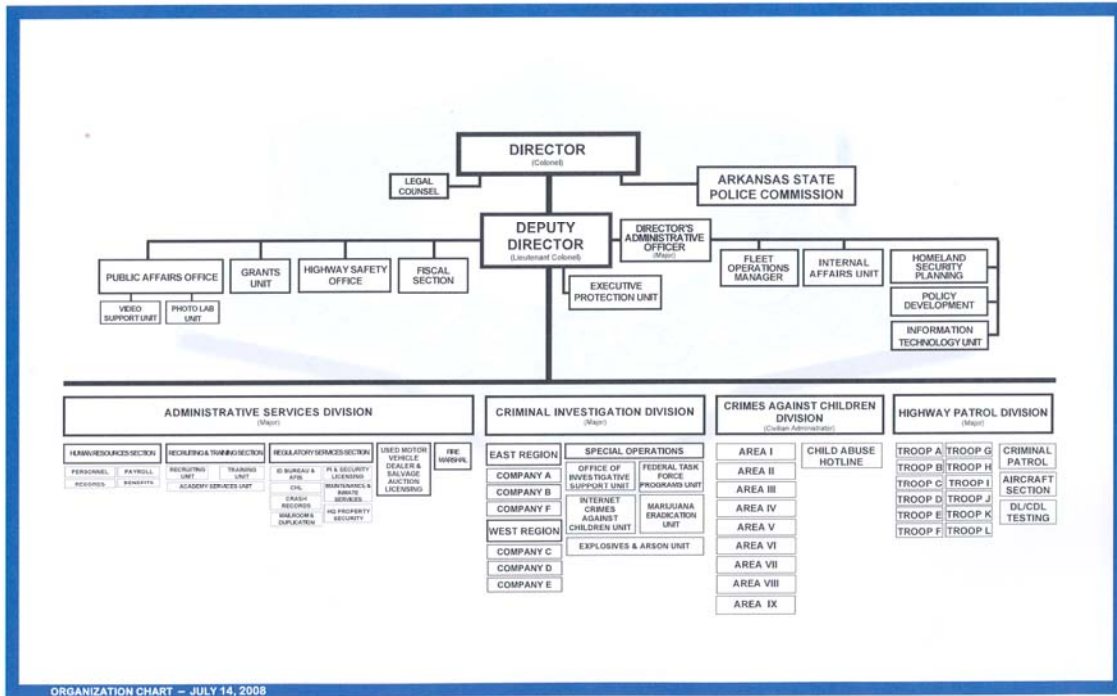

The report was created by referencing activity logs and records kept by each division and section within the Arkansas State Police. Highlighted in the report are commander information and section activity and achievements.

If you have any questions about this report or the operations of the department, please do not hesitate to contact me or any representative of the Arkansas State Police.

Respectfully submitted,

Winford E. Phillips
Colonel

Organizational Information

During 2009, the Department of Arkansas State Police was organized into four separate divisions: the Highway Patrol Division, Criminal Investigation Division, Crimes Against Children Division, and the Administrative Services Division. There was also a Deputy Director to the Director who administered several distinct sections of the department from the Director's Office.

Mission Statement: The mission of the Arkansas State Police is to protect human life and property in the State of Arkansas by providing the highest quality of law enforcement services to the citizens of Arkansas.

Goals: The Arkansas State Police will manage and use its resources with an emphasis on criminal activity and unsafe driving practices that pose the greatest threat to the citizens of Arkansas.

The Arkansas State Police will develop partnerships with other law enforcement agencies for the purpose of preventing and solving crimes, improving the safety of Arkansas highways and providing other services to the citizens of Arkansas.

The Arkansas State Police will maintain the confidence and respect of the public by carrying out its mission and goals with integrity and professionalism.

Director's Office

During 2009, the Director's Office was supported by the Deputy Director. In addition to supporting the Director with the management of the Department, the Deputy Director was responsible for the Public Affairs Unit, Grants Unit, the Highway Safety Office, the Fiscal Office, Executive Protection, Fleet Operations, Internal Affairs, Homeland Security Planning, Policy Development, and the Information Technology Unit.

For 2009, the listed sections/units of the Director's Office achieved the following.

Fiscal Section: The Arkansas State Police's expenditures for 2009 included the following:

Arkansas State Police FY09 Expenses

Commitment Item	Amount
Salary	41,126,734.55
Extra Help	117,886.98
Matching	20,769,374.24
Overtime	672,146.83
Operating Expenses	19,099,069.85
Travel/Training	190,839.14
Grants/Aid	12,206,872.80
Professional Service Contracts	<u>1,679,245.02</u>

Fleet Section: The Arkansas State Police did not purchase any vehicles during this time period.

The following table reflects the average number of miles driven per division, per vehicle:

Highway Patrol	455 Units	24,870 miles
Criminal Investigation Division	98 Units	18,983 miles
Crimes Against Children Division	72 Units	17,449 miles
Administration	60 Units	13,656 miles

Grants Section: Arkansas State Police implemented several federally-funded projects during 2009 including expansion of the Commercial Driver License testing system to increase the number of portable testing units and portable examiner units throughout the state. ASP continued to combat the manufacture and distribution of methamphetamine through a dedicated effort to train law enforcement officers as certified laboratory technicians and to provide the protective supplies and equipment required to minimize the risk of investigating clandestine labs. Homeland Security grants provided funding to establish the Arkansas State Fusion Center and to acquire special purpose equipment to respond to potential security risks. Additional funding was awarded ASP for continuation projects including the Internet Crimes Against Children program and various highway safety programs including targeting driving while under the influence of alcohol and seatbelt use projects. ASP received two awards under the 2009 American Recovery and Reinvestment Act funding to further enhance the Internet Crimes Against Children program and to replace its 38-year-old military-surplus helicopter.

Information Technology Section: The Information Technology Section supports approximately 1,350 desktops and laptop computers and peripheral devices along with 25 servers. The Section is responsible for all data connectivity and IT operations throughout Arkansas State Police headquarters, troop locations, satellite office locations, and all mobile highway patrol units. On the average, the Information Technology Section addresses 30-plus support calls per day while providing support on a 24-hour, seven-days-a-week basis to sworn and non-sworn personnel. The Information Technology Section is responsible for all database management; server configuration/management, IT specifications/purchases; wireless connectivity in the troopers' units; wireless connectivity at troops, VPN, SSL licensing, LAN management; application software licensing/renewals; data security; operating systems/updates; software suites and specialized applications; headquarters phone system management; antivirus/encryption protection; network utilization; dedicated circuit management, management of switches, routers and firewalls; CAT5 and CAT6 wiring, end user system configurations, and special interfaces with non-Arkansas State Police systems.

Some of the larger scale projects the Information Technology Section supports are: Traffic and Criminal Software (TraCS), Automated Fingerprint Identification System (AFIS); Commercial Driver's Licensing (CDL); In-car Video and the Arkansas State Fusion Center. Within the near future an additional large scale project will be eCitation. The IT section is responsible for the training, deployment, updates and on-going support of TraCS and AFIS on a 24-hour, seven-days-a-week basis which includes all highway patrol enforcement personnel along with local law enforcement regarding AFIS. The Section also provides support for AFIS on a 24-hour, seven-days-a-week basis and provides support to CDL operations throughout the State. In addition, the IT section is the primary IT support for the Arkansas State Fusion Center and will be one of the primary support centers for the E-Citation project.

Highway Safety Office: The Highway Safety Office administers state and federal highway safety funds and oversees highway safety program efforts supported by these funds for the State of Arkansas. The Highway Safety Office develops an annual highway safety plan, which identifies traffic-related safety problems in Arkansas and recommends programs most effective in reducing traffic fatalities, injuries and crashes. A performance plan was prepared which describes the state's highway safety problem identification process and identifies the State's highway safety benchmarks and goals. The highway safety plan describes the strategies for meeting the goals outlined in the performance plan and allocation of highway safety funds.

The Highway Safety Office implemented projects and facilitated activities and programs which contributed toward reaching the State's goal. The Office recognizes that the achievement of quantified goals is dependant not only on the work of its office, but also on the collaborative and ongoing efforts of a multitude of governmental and private entities involved in improving highway safety in Arkansas. Please note the list of the grant agreements and contracts funded during fiscal year 2009:

Legal Counsel: Legal Counsel provides legal advice to the Director and Deputy Director, as well as the Division's Troop and Company Commanders. Counsel is consulted on Internal Affairs Investigations and presents all disciplinary cases which are appealed to the Arkansas State Police Commission. Counsel reviews all legal pleadings, including complaints in which the Department or its personnel are sued, and determines if representation from the Arkansas Attorney General's Office is needed. Counsel represents the Department before the Arkansas State Claims Commission and is the liaison between the Department and the Arkansas Attorney General's Office for cases pending in state and federal court. Counsel also reviews contracts and Memorandums of Understanding in which the Department is a party and drafts and reviews legislative bills.

Ken Stoll served as Legal Counsel during 2009.

Highway Patrol Division - 2009

The Highway Patrol Division is responsible for enforcement of the motor vehicle and traffic safety laws of the State of Arkansas, including driver license testing for both regular and commercial drivers. The Division is comprised of 12 troops throughout the State and includes Interstate Criminal Patrol and the Aircraft Section.

Criminal Investigation Division - 2009

The Criminal Investigation Division is responsible for criminal law enforcement, including drug enforcement and all other non-traffic enforcement activities of the department. The Division is comprised of six companies located throughout Arkansas. The Division also includes the Special Operations Section, which assists criminal investigators with intelligence gathering and dissemination; Internet Crimes Against Children Section, which overtly and covertly works with other local, state and federal agencies to prevent and prosecute internet crimes against children; Federal Task Force Programs, which include Arkansas State Police investigators working with the Drug Enforcement Administration and Federal Bureau of Investigation; the Marijuana Eradication Section, which utilizes grant funds to curb marijuana growth and usage in Arkansas; and the Explosives and Arson Unit, which responds to bomb and other explosive threats in Arkansas. Major Cleve Barfield commanded the Criminal Investigation Division during 2009.

Special Operations Section:

The Marijuana Eradication Program is grant funded and designed to curb marijuana growth and usage in Arkansas. The program made a total of 54 arrests; seized 95 weapons and \$110,332.00 in cash assets. Due to budget restraints of the Arkansas National Guard, flying time was reduced from 10 weeks of flying to 3 weeks. Helicopters provided by the Drug Enforcement Administration flew less than 100 hours in 5 counties in northwest Arkansas due to severe weather during this period. Approximately 7000 plants were eradicated state wide.

Special Weapons and Tactics (SWAT): SWAT consists of a group of highly motivated officers from various sections within the department. These individuals are involved in a minimum of 160 additional training hours per year geared toward specific threats. While the majority of the Arkansas State Police SWAT callouts are hostage/barricaded situations, the officers are trained in various less-lethal methods,

high-risk vehicle assaults, linear (bus/airplane) assaults, and commercial and residential entry techniques. Team members are readily able to complete any mission set before them by the department, and they are willing to assist any federal, state, county, or local department that requests assistance. The team members are dispersed across the state which allows for immediate response to tactical situations by several members, while the remaining team members respond to the location. Many team members are instructor certified and help with training at the troop level and with the training of new recruits. In 2009, SWAT was requested five times and responded to three situations. Calls for assistance involved: 1) an armed barricaded suspect in a residence with felony warrants and shots fired, 2) an armed barricaded suspect in a tractor trailer with felony warrants, 3) a felony arrest warrant in a private residence, 4) Capital Murder warrants for three individuals involved in the death of five victims which resulted in an officer being shot during the initial arrest, and 5) a felony warrant for a suspect in a residence who fired shots at an armored vehicle prior to being taken into custody.

Crisis Negotiations Team: The Crisis Negotiations Team (CNT) responds every time SWAT is activated. The CNT is comprised of two teams each assigned to one half of the state. When activated, an 8 member team is dispatched while the other team is placed on stand-by status in case the call becomes protracted. The CNT's primary mission is to resolve critical situations through communications. Each team member is required to complete two separate weeks of specialized training provided by the FBI. CNT members are also required to attend two days training on a bi-monthly basis.

Bomb/Arson Unit: The Bomb/Arson Unit responded to 53 incidents. These incidents included the following:

- ❖ Improvised explosive device (IED) calls with a total of 242 actual devices
- ❖ Responded to 8 suspicious packages which turned out not to be IED's.
- ❖ Investigated 6 fatal fires that were determined to be arson.
- ❖ Assisted in the execution of 7 search warrants.
- ❖ Responded to 3 SWAT calls.
- ❖ The squad recovered and destroyed the following illegal explosive materials:
 - 272 - Electric blasting caps
 - 500 feet of time fuse
 - 157 ½ lb. of high explosives
 - 1,500 feet of high explosive detonating cord

Internet Crimes Against Children Section: The Internet Crimes Against Children Section is a grant funded task force implemented to overtly and covertly investigate internet crimes against children, as well as provide computer forensic assistance to aggressively prosecute such crimes and public education to help prevent internet crimes against children. Additionally, the Task Force provides proactive tools, resources, and information to educate parents, teachers, and children about Internet safety and victimization prevention.

Human Resources Section: There were over 600 personnel transactions recorded within the Human Resources Section during 2009. Among the transactions were 98 hires, 62 promotions (includes special language promotions), 65 voluntary resignations/retirements, 16 military activity, 11 disciplinary actions, 13 DROP enrollments, and 142 address and name changes.

There were 10 commissioned advertisements resulting in either a promotion or lateral transfer, and there were 82 civilian advertisements.

The Payroll Unit processed certificate pay of \$363,900 to eligible commissioned officers. Merit increases were awarded to 810 employees resulting in pay increases to civilian and commissioned employees totaling more than 1.5 million dollars. In addition, career service payments totaling \$361,200.00 were paid to eligible employees.

ASP personnel donated over 9100 hours to the catastrophic leave bank to be used by other employees experiencing situations which met a qualifying need. These donated hours are valued at more than \$237,947.

The Benefits Unit was not only responsible for ensuring the proper enrollment of 212 non-uniformed employees into the State Employees Health Plan, but was also responsible for the registration and set up of eligible members into 18 supplemental plans. In addition, the Benefits Unit was tasked with the management of the ASP Health Plan to include Medical, Dental/Vision, Life Insurance and LTD for 1,055 members consisting of active and retired uniformed employees and 1,707 dependents.

Other activity in the Human Resources Section included, but was not limited to, the processing of:

- ❖ Worker's Compensation Forms: 53
- ❖ Family Medical Leave Act Requests: 120
- ❖ Catastrophic Leave Requests Approved: 11
- ❖ Time Audits: 30
- ❖ Garnishments/Child Support: 52
- ❖ Proof of Prior Employment: 25
- ❖ Bank Information Change: 64
- ❖ Stipend Payment: \$3,360
- ❖ Pre-employment background checks: 26
- ❖ Verification of Employments: 250

During 2009, the number of authorized positions was reduced to 1,012 from 1,104. However, the budget placed a cap on the number of ASP employees at 1000. For the year we averaged 94.03% of the cap.

Training Section: The training section trained 28 Recruits in a 1011-hour Troop School. In addition the training section presented, coordinated, and/or certified several sessions of 55 in-service classes for a total of 1856 hours for incumbent employees. Training classes included Firearms trainings, Radar Certification and Refresher, Advanced Law Enforcement Rapid Response, Instructor Development, Enhanced Threat and Risk Assessment, Returning Military Refresher,

Narcotics Certification, In-Service Training Program (VERS, Use of Force Decision Making, and Traffic Stops), Rifle Qualification, Mobile ACIC Terminal, Emotional Survival for Law Enforcement, Reinstatement Refresher Training, Specialized Police, Spike Strips, Bias Based Policing, Narcotics and Handler Protection, K9 Legal Updates, Hazardous Materials, B.E.A.R. Tactical Operations, Basic International Canine Course, First Responding Officer to Hostage Negotiations, Drill Instructor, CID In-Service (VERS, Use of Force Decision Making, Tactical Firearms, and Building Entries), Instructor Development, Firearms Instructor, Field Training Officer Certification, Crisis Response Team, Blood-Borne Pathogens, Defensive Driving, Charger Transition, Digital Camera for Patrol Units, and monthly electronic training bulletins.

Recruiting Section: The Recruiting Section contacted 1,383 applicants to take the physical assessment and written examination to become a commissioned officer. Of the applicants contacted, 585 took the physical assessment test. The Recruiting Section conducted 541 written tests. As part of the hiring process, the Section reviewed 164 polygraph results for disqualifiers, and administered 126 background checks. As part of the recruiting process, recruiters visited 49 Arkansas schools ranging from elementary through high school, as well as six churches to promote the positive image of law enforcement and the Arkansas State Police. They represented the Arkansas State Police at 38 career and job fairs, lectured at nine colleges, four television interviews, one county parade, one community center and participated in two radio interviews. The recruiters were also participants at the Central State Troopers Coalition Boy's Camp and Criminal Justice High School Law Enforcement Competition. The recruiters attended three High School Advisor Board meetings and four College Advisory Board meetings.

ARKANSAS STATE POLICE
-
CRIMES AGAINST CHILDREN DIVISION
-
ANNUAL REPORT
2009

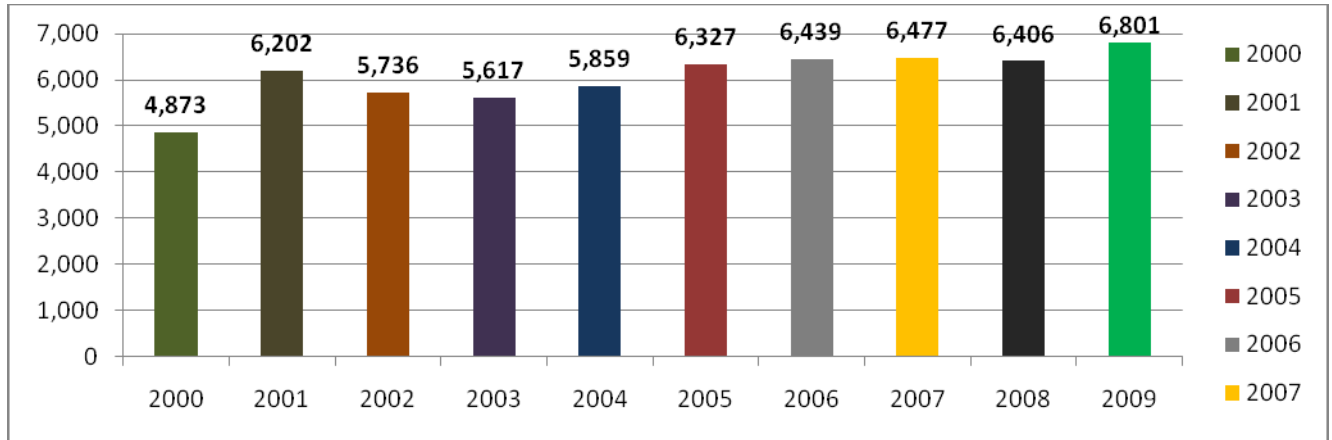

Child Abuse Hot Line operators in the Crimes Against Children Division (CACD) of the Arkansas State Police received 54,130 telephone calls in the year 2009. Of these calls, 29,991 were accepted as legally valid allegations of abuse or neglect. They were assigned for investigation to CACD investigators or to the Arkansas Department of Human Services' (DHS) Division of Children and Family Services (DCFS).

The Hot Line Section – which operates 24-hours a day, 7-days a week – is authorized one (1) chief administrator, four (4) supervisors and twenty-eight (28) operators. This section operated with an average of 24 operators during the year.

	2005	2006	2007	2008	2009
■ Calls Received	45,167	47,674	50,301	51,592	54,130
■ Accepted Reports	25,587	27,298	29,218	29,991	34,297

The allegations accepted by the Hot Line are divided into categories for investigation, pursuant to an agreement with DHS. This resulted in 6,801 cases being assigned by the Hot Line to investigators in the CACD's Investigation Section in 2009.

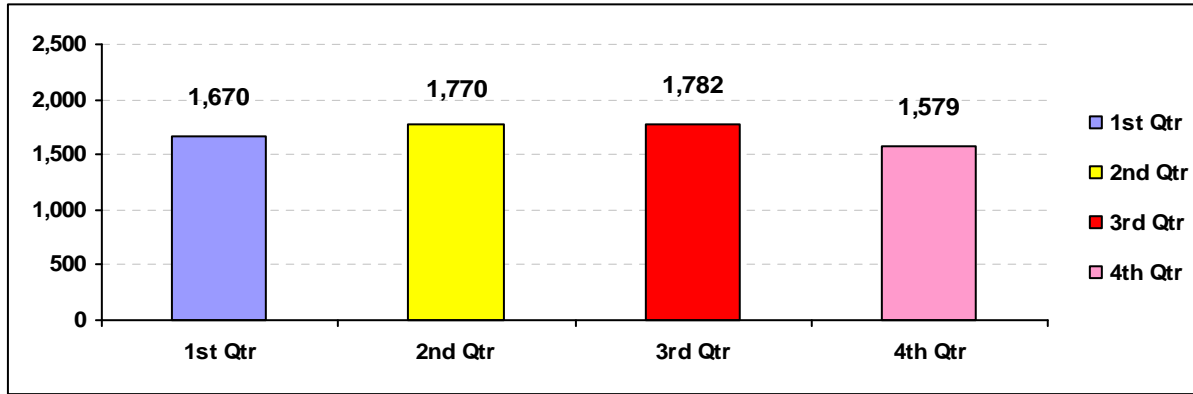

Investigations Assigned

2000	2001	2002	2003	2004	2005	2006	2007	2008	2009
4,873	6,202	5,736	5,617	5,859	6,327	6,439	6,477	6,406	6,801

Of the 6,801 cases that were accepted by the Hot Line for investigation by the CACD in 2009, 6,180 were Priority I reports and 621 Priority II reports. (Cases often have more than one allegation to address during the investigation. Priority I cases are the most serious allegations and less serious allegations are labeled as Priority II cases.)

Number of Investigations Assigned

The types and number of Priority I allegations were:

- Abandonment – 20
- Abuse w/ deadly weapon – 158
- Bone fracture – 126
- Brain damage/skull fracture – 32
- Burns/scalding – 254
- Cuts, bruises, welts – 149
- Death – 19
- Failure to protect – 379
- Failure to thrive – 8
- Immersion – 20
- Indecent exposure – 341
- Internal injuries – 7
- Juvenile aggressor - 27
- Malnutrition – 3
- Med. neg. of Dis. Infant - 0
- Oral sex – 600
- Poison/noxious substance – 210
- Pornography – 323
- Sexual contact – 3,843
- Sexual exploitation – 278
- Sexual penetration – 2,051
- Subdural hematoma – 25
- Suffocation – 316
- Threat of harm – 181

Of the total number of Priority I allegations, 7,436 (79%) involved sexual abuse, indecent exposure and pornography.

CACD investigators closed 6,707 cases in 2009. Of the closed cases, 2,761 (41%) were found to be ‘true’.

The investigative determination of ‘true’ means there was a preponderance of evidence that indicated the allegation(s) was true. An ‘unsubstantiated’ finding means the evidence was insufficient to support the allegation(s). Investigations closed with a determination of ‘true’ were reported to the appropriate prosecuting attorney.

The Investigations Section is authorized 63 civilian investigators, 9 area Supervisors and 1 Administrator. This section operated with an average of 61 investigators during the year.

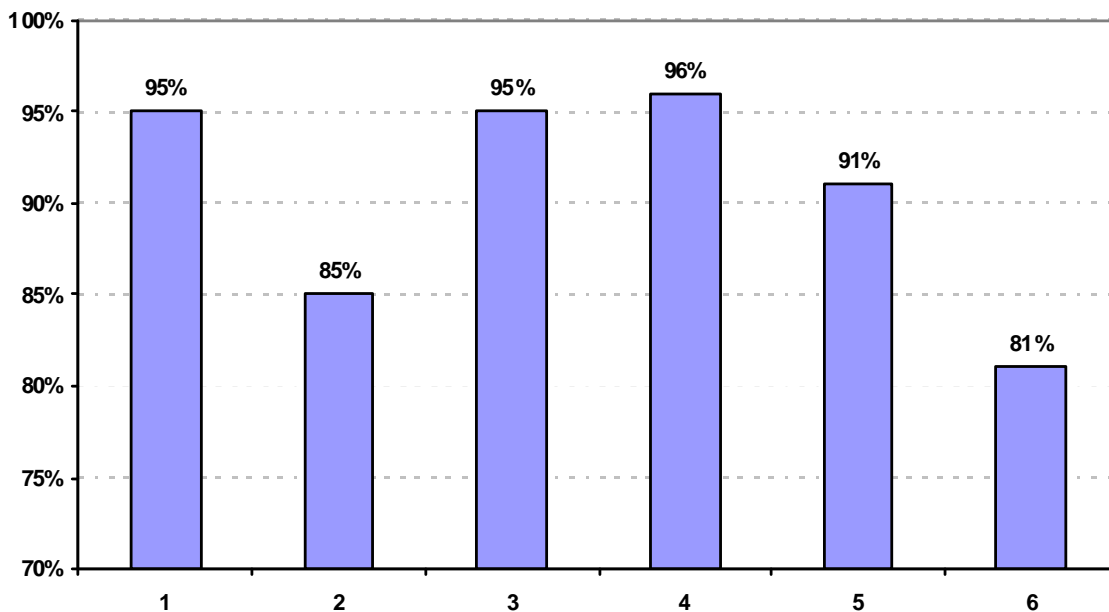

The CACD Investigations Section is evaluated on eight performance indicators of compliance with Angela R. requirements, which were spelled out in a consent decree in the 1990s during federal court proceedings. They also are a part of an agreement between CACD and DHS.

The indicators are:

1. The alleged victim(s) in Priority I reports is seen by the investigator within 24 hours.
2. The alleged victim(s) in Priority II reports is seen by the investigator within 72 hours.
3. All children in the home are seen during the investigation.
4. The alleged victim(s) is interviewed (or observed) outside the presence of the alleged offender.
5. Parents/caretakers are interviewed in all investigations.
6. Investigations are concluded within 30 days of receipt of the allegation.

By contract with DHS, CACD is required to meet a minimum of 90% compliance in each performance indicator. The following chart shows the average compliance for the year 2009. The line numbers above are used as identifiers.
